

DOMINO ARD

Ring Piston Flowmeters For Chemical Liquids

- Ring piston flow meters ARD for 15...30'000 l/h
- Nominal diameter: DN 15, 20, 25, 40 and 50 mm
- * Operating pressures: PN 10, 16, 25 or 40
- * Mechanical, pneumatic and electronic batching controls

- * Fluid temperatures: up to 180°C
- * Suitable for both conductive and non conductive liquids
- Modular products with wide range of flow sensors, displays, pulsers and batching controls
