

Deltapilot FMB70

Hydrostatic Level measurement

Field of application:

Highest performance pressure sensor with the Contite cell for hydrostatic level and/or pressure measurement

Output:

PROFIBUS PA
4...20 mA HART
FOUNDATION Fieldbus

- ◆ Process connection:
Thread, Flange, Tri-Clamp
- ◆ Process temperature:
-10°C...100°C
- ◆ Pressure measuring range:
100mbar...10bar
- ◆ Max. measurement distance:
100m (328ft) H₂O

Accuracy 0,1%
Optional 0,075%
