

Omnigrad T TST41N

Modular RTD thermometer

- Head transmitter with easy selection: Analog output 4 to 20 mA, HART®, PROFIBUS® PA or FOUNDATION Fieldbus™

Field of application:

Comprehensive and common temperature measurement technology suitable for liquids and gases for almost all branches of industry

- ***Operating temperature range***
PT 100: -50 °C ... 600 °C
- ***Outer diameter protection tube: 6,0 mm Or 9,0 mm***
- ***Fast response time with reduced/tapered tip form***
- ***Max. immersion length on request up to 10.000,00 mm***
